

## SCIENTIFIC PROGRAMME

### Friday, November 6, 2026

	Hall I	Hall II	Hall III
08:00-10:00	Neuro-Orbital Ultrasound: Point-of-Care Ultrasound in Neuro-Ophthalmology	Functional Ultrasound	Detection of Atherosclerosis in Acute Cerebral Ischemia
10:00-10:30	Coffee Break		
10:30-12:30	Hands-on I	Hands-on II	Hands-on III
12:30-13:30	Lunch Break		
13:30-15:30	Applications of Neuromuscular Ultrasound in the Differential Diagnosis of Neuromuscular Disorders	TCD Monitoring during Cardiothoracic Surgery, Vascular Procedures and Right-to-left Shunt Diagnosis	Fundamentals of a Top-class Neurosonological Study
15:30-16:00	Coffee Break		
16:00-18:00	Hands-on IV	Hands-on V	Hands-on VI
18:00-19:00	Opening Ceremony		

### Saturday, November 7, 2026

	Hall I	Hall II
08:00-09:00	Scientific Communications I	WON Certification in Neurosonology – Theoretical Exam
09:00-10:00		
09:00-10:15	TCD is the Superior Test for Right to Left Shunt Detection: a WON/ESNCH Workgroup Consensus Statement	
10:15-10:45	Coffee Break	
10:45-12:00	Stroke Emergency Ultrasound: From Prehospital to Reperfusion (Joint session with ESO)	
12:00-13:30	Lunch Break and Poster Viewing	WON Certification in Neurosonology – Practical Exams #1
13:00-13:30		
13:30-14:45	Neurocritical and Intensive Care Sonography	
14:45-16:00	Ultrasound in Rare and Unusual Stroke Etiologies	
16:00-16:30	Coffee Break	
16:30-17:45	Stroke Diagnostics: Emerging Frontiers in Neurosonology	
18:00-19:00	General Assembly	

### Sunday, November 8, 2026

	Hall I	Hall II
08:00-09:00	Scientific Communications II	
08:30-09:00		WON Certification in Neurosonology – Practical Exams #2
09:00-10:15		
10:15-10:45	Coffee Break	
10:45-12:00	Ultrasound Beyond Ischemic Stroke (Joint Session with EFSUMB)	Parallel WON/ESNCH Working Groups Meeting
12:00-13:15	Ultrasound Applications in Diagnostic Work-up of Headache (Joint Session with EAN)	
13:15-14:15	Closing Ceremony
